Windows 7 Wireless Printing Guide

1. You must be connected to the **Students-Secure** Wireless Network before starting these steps
2. Click on the **Start** button
3. In the **Search Bar**, type in one of the following:

   ![Search Bar Image]

4. You may be required to authenticate the connection.
   Username: **acad\Portal Username**
   password: **Portal Password**
   **Make sure that “acad\” is before your username**

![Authentication Dialog Image]
5. A new window will open. Double click on the **printer icon**.

6. Your computer will attempt to connect to the printer.

7. If you do not have the printer driver installed, this message will pop-up. Click on **Install Driver** to continue the setup.

8. Once the driver is installed, you can now print wirelessly!
